

PSA Wall-mounted Sterilizer and Deodorizer

Luxury
appearance

Efficient
deodorization

Multi levels
adjustment

Product Introduction

PSA wall mounted sterilizer and deodorizer adopts Micro Plasma technology, with built-in large air flow DC motor, which can be used independently and has a luxurious appearance. It provides multi level control modes, and is equipped with catalytic module to achieve strong deodorization, the device can work when it is close to the people without any harmful impacts. The nanosecond purification speed quickly removes harmful gases such as ammonia and hydrogen sulfide with high concentration in large spaces, and kills bacteria, viruses, fungi, etc. that breed in humid environments, this effectively solve the odor problem in toilets and other places, it improves the image of enterprises and cities.

Product Features

- ◆ Full range millimeter air flow channels, more thorough deodorization
- ◆ Purify from the source of odor pollution and eliminate odor overflow
- ◆ It can kill viruses, bacteria and fungi with an efficiency of 99.99%
- ◆ Effectively decompose harmful gases such as ammonia and hydrogen sulfide
- ◆ Remove the odor in the toilet and restore the fresh air
- ◆ Micro plasma deodorization technology does not produce secondary pollutants
- ◆ All metal electrode grid is used for life without consumables
- ◆ Wall mounted installation is simple and easy to maintain

Product Parameters

	Human Settlement Environment	A Foul Smelling Place	
Product Model	PSA300-W	PSA350-W	PSA650-W
Air Volume(m ³ /h)	300	350	650
Applicable Volume(m ³)	60	100	200
Ammonia Purification Efficiency(%@1h)	≥95.0	≥97.7	
Hydrogen Sulfide Purification Efficiency (%@1h)	≥99.5	≥99.6	
TVOC Purification Efficiency(%@1h)	≥95.0	≥95.1	
Benzene Purification Efficiency(%@1h)	≥98.5	≥98.7	
Sterilization Rate(%@1h)	≥99.9	≥99.6	
Noise (Sound Pressure Level)(dB(A))	46	43	40
Power Supply(V/Hz)	220-240~/50-60		220-240~/50-60
Rated Power(W)	80	55	105
External Dimensions (Width×Height×Depth) (mm)	960*380*253	550*415*225	900*415*225
Weight(kg)	28	16	22
Power Cord	1.8m(National Standard Three Hole Plug)		
Type Of Protection Against Electric Shock	Class I		
Additional Features	Remote Control		

Note: This product can sterilize and deodorize, and remove the odors in the toilet (such as ammonia, hydrogen sulfide, indole, etc.). Since there are many factors affecting the efficiency, the above parameters are only for reference. If necessary, contact the manufacturer to provide for professional and technical services.
